OF

PLANTS

AND

ROOTED CUTTINGS

Essex Heights Floral Co.,

BELLEVILLE,

NEW JERSEY.

Manufacturers of E. J. Van Reyper's Perfect Glaziers' Points.

(SEE PAGES 14, 15, 16.)

TO THE TRADE.

WE make Carnations one of our specialties, having a stock of over 35,000 blooming plants; they are grown in a low temperature and we can guarantee good healthy stock. We have also a large stock of other plants and rooted cuttings so that where a quantity is required we can make a low figure.

We issue no retail catalogue.

Terms Cash, unless otherwise agreed upon.

Unknown Correspondents. Orders from unknown correspondents must be accompanied with cash or satisfactory reference, we make no deviation from this rule, as at the very low rates offered, we cannot afford to run any risk.

C. O. D. Orders. Orders to be shipped by express, C. O. D. must be accompanied by one-fourth the amount of such in cash.

Remittance. Money should be sent in the form of a bank draft, money order, express order or registered letter; remittance in any other way is entirely at the senders' risk.

Plants by Mail. We make the mailing of rooted cuttings a specialty, so that parties in far off points who wish to avoid express charges may add ten cents per hundred, or for plants add one-fifth of the cost of plants and have them sent by mail.

Shipping. All goods sent by express unless otherwise ordered. We can ship by Wells, Fargo & Co., Adams or United States Express and guarantee the safe arrival of all shipments. Invoice mailed the day the plants are shipped.

Packing. This will be done in the best manner and as light as possible. No charge for boxes, baskets or packing.

Forwarding. Every order is executed at once on its receipt, or a reason given why it has not been sent, so that parties ordering may know that if goods are not received in proper time it is almost certain that their letter has not been received by us.

Name and Address. Please write your Name, Post Office, County and State as distinctly as possible, especially the name; also the nearest Express Office.

Our Greenhouses. In area, our Greenhouses occupy 60,000 square feet in solid glass; they are heated by steam that an even, natural temperature can be maintained, and thus the most perfect health, strength and vigor is given to the plants.

The Greenhouses may be reached in forty minutes from New York by the Erie R. R. to Essex station; by the Penn. R. R., Del., Lack. & W. R. R., Lehigh Valley R. R. or the Central R. R. of N. J. to Newark; then take the Broad Street Horse Cars to Belleville to the end of the line.

We shall be pleased to see any one of our patrons, and invite an inspection of our Stock at all times.

CARNATIONS.

SEEDLINGS OF 1892.

Aurora—The winner of the Ladenburg cup at Madison Square Garden, New York, on November 6th, 1891. Flowers are a delicate pink, a trifle larger than Wilder, with delightful fragrance. It is a strong grower, coming into bloom quickly. We had the pleasure of seeing the bunch that won the cup in New York and can assure our patrons that it is a grand carnation for its color, fragrance and foliage, and one that will be in demand.

Thos. Cartledge—Carmine pink, similar to Le Purite. A very strong robust grower, early to come in flower; very prolific.

Grace Darling—An exquisite pure pink; slightly darker than Wilder, flowers large, on long stems and never burst their calyx. It is a vigorous grower, of medium size, and an early and profuse bloomer.

Crimson Coronet—Flowers deeply fringed, fine shade of crimson; good size and form. Very healthy, fragrant, and a medium sized grower.

Peachblow Coronet—Flower a beautiful peach pink. Growth the same as Crimson Coronet.

Golden Triumph—New yellow; canary yellow flowers, extra large, does not burst its calyx. A free bloomer with no tendency to crop. Plants are healthy and vigorous, of medium height. Flowers are on large stiff stems and are well adapted for shipping.

$2.00 per doz. $12.00 per 100. $100 per 1000.

Dorinda—The plant is healthy and vigorous, medium height, it flowers early; it is also of excellent habit. The flower is a pleasing shade of pink, a trifle darker than "Wilder," but very much softer than "Tidal Wave." The flowers are very large, finely fringed and mostly produced on long stems, very free, and does not burst its calyx. Its keeping qualities are remarkable. It is very fragrant.

Rooted Cuttings, $8.00 per 100. $75.00 per 1000. Plants in 2¼ in. pots, $3.00 per doz. $10.00 per 100. $80.00 per 1000.

Pearl—White, very large; frequently from three to three and one-half inches across, full and crisp; occasionally a rosy blush with rarely any tendency to burst. A good bloomer, stems long and stiff. A very strong flower that will command an extra price; awarded honorable mention at Philadelphia, and Certificate of Merit at New York exhibition in spring of 1891.

$1.50 per doz. $10.00 per 100. $80.00 per 1000.

Puritan—White, large, very full and of good substance, lasting if well grown a long time after being cut. It is quite fragrant, and an early and continuous bloomer.

$1.20 per doz. $8.00 per 100. $70.00 per 1000.

NOVELTIES.

Angelus—Flowers semi-double, of a fine shade of pink, rather darker than Grace Wilder. It is medium early and of tall growth.

Dorothy—Habit of plant similar to Angelus but not quite as tall. Flowers of a darker shade of pink and more deeply fringed. Medium early.

Nellie Bly—Flowers medium large, semi-double; variegated red and white in almost even narrow stripes, and finely fringed. Growth tall.

Gen. Custer—Another variegated sort, but red predominating, and finely marked; a prolific but late bloomer. Tall in growth.

80 cts. per doz. $6.00 per 100.

Ohio—The flowers are borne on stiff, erect stems; pure white, extra large and finely fringed, centre very full. The habit of the plant is a dwarf and well branched; it is a healthy, robust grower and free bloomer.

Snow Bird—Very large fringed white, fragrant, continual bloomer, long stems, never bursts its calyx. One of the finest white carnations yet produced.

White Wings—(E. B. Jennings)—A splendid, free flowering, large pure white: extra strong, robust grower, with handsome foliage.

NOVELTIES—Continued.

Day Break—Flowers are large and perfect in form. A beautiful, delicate, pure bright flesh color and is entirely distinct from any other variety now under cultivation. The growth of the plant is strong and robust.

Orange Blossom—Color white with pink centre; far superior to Dawn. Flowers on long stems, never bursting the calyx. Splendid grower, free bloomer.

Amy Phipps—Flowers large golden yellow with crimson markings. A free bloomer and strong, healthy grower.

La Creme—Large flower, French white, slightly edged with purple.

American Flag—A sport of Portia. One of the best striped carnations ever produced.

G. C. Tyler—A splendid variegated variety. A strong grower with very large flower.

75 cents per doz. $5.00 per 100.

Lizzie McGowan—The largest and best white carnation under cultivation; it never bursts its calyx. Flowers are large, glossy white, measuring two and one half to three inches. They may be grown closer together than other varieties, being of strong, straight, upright growth. Do not be without it if you grow cut flowers; it is a grand keeper.

Edelweiss—This is an excellent variety with us. Flowers are large and of the purest white. It is a sport of Chester Pride, and a good, strong, healthy grower.

Golden Gates—New pure yellow; a good bloomer and extremely strong grower.

Wm. F. Dreer—Flowers fringed rose pink; a magnificent addition to pink carnations. A very strong grower.

J. R. Freeman—Flowers cardinal and finely fringed; healthy and free flowering. Clove scented.

Constancy—A beautiful, bright glowing scarlet. Flowers large and finely fringed. Very prolific with long stems. An excellent grower.

Hector—A brilliant, dazzling scarlet, flower large. A free, continuous bloomer and strong, healthy grower. A first-class sort.

May Flower—A beautiful variegated variety, large flower. A robust grower.

Nellie Lewis—A sport of J. J. Harrison and has the same growth as its parent. It is free flowering; the flowers being very large, delicate pink deeply marked with carmine.

Ella May Fuller—A lovely carnation: free grower and good bloomer. Color, a bright madder rose edged with white.

Chester Pride—Flowers white striped with pink and carmine, rarely burst; a strong grower and profuse bloomer.

Louise Porsch—A very fine yellow streaked with carmine and fringed. Flowers are large, on long stems, and do not burst their calyx. A free bloomer, strong grower and a very desirable carnation.

Dawn—Pure white with deep blush or pink centre. Flowers are large, handsome and very fragrant.

40 cts. per doz. $3.00 per 100. $25.00 per 1000.

STANDARD VARIETIES.

Grace Wilder—One of the most beautiful colors among carnations. A soft shade of pink, free and continuous bloomer, strong grower, and flowers always on long stems.

Mrs. Cleveland—A soft shade of carmine, very fine and prolific. Flowers large and on long stems.

May Queen—Dark pink, good sized flower on long stems; very prolific and strong grower.

Portia—The finest dazzling scarlet; a splendid sort. Flowers fringed and produced in the greatest abundance on long stems. Beautiful in habit and foliage.

Lady Emma—One of the finest scarlets, very early and a strong grower.

John McCullough—Flowers of good form, never bursting. A very healthy grower and most continuous bloomer. One of the best bright vermillions we have seen.

Philadelphia Red—An old variety; we grow it for its good qualities. A bright scarlet, strong grower and profuse bloomer.

Hinze's White—A very heavy cropper; flowers creamy white, extra large.

Silver Spray—Flowers are large, of good form and freely produced on long stems. An early and continuous bloomer and strong grower, of medium height.

STANDARD VARIETIES—Continued.

Mrs. Fisher—One of the finest of white carnations, being a vigorous grower, a free and continuous bloomer. Flowers are large, on long stems and never burst. Also a good carnation for blooming outside in summer.

White Grace Wilder—A sport of pink Grace Wilder. a strong grower, very prolific; flowers pure white, medium size, on long stiff stems.

Orient—Deep crimson, very large, highly fragrant flowers. A dwarf, compact grower; good variety for side benches.

Garfield—Crimson scarlet; extra large flower. A dwarf grower.

$1.50 per 100. $12.50 per 1000.

Tidal Wave—A grand addition to the cut flower trade. The color is a very bright pink shaded salmon when first open, growing somewhat lighter when fully expanded. A very healthy dwarf grower and remarkably free bloomer; flowers are large and perfectly shaped.

J. J. Harrison—The finest cut flower carnation ever sent out, and is justly called by some "The Pink of Perfection." Flowers are large, of perfect form and freely produced. Color, pure white, delicately marked and shaded pink. It is one of the best selling varieties in New York market.

Hinsdale—White, tinted, streaked and laced with delicate pink; very free flowering. A most desirable sort.

Columbia—Color deep buff, shaded with orange with crimson markings. Good grower; flowers on long stems.

Grace Farden—A little darker pink than Grace Wilder; vigorous grower and very prolific all the season.

Century—Of healthy growth, medium height and an early and constant bloomer; color, glowing carmine with a richclove fragrance.

Tendresse—Lovely bright pink flowers of medium size and perfect form, never bursting.

Beauty of Oxford—Color same as Grace Wilder. A good keeper, always retaining its beautiful color after being cut.

Ferdinand Mangold—Flowers large and deeply fringed dark red, a good strong grower, first class carnation.

Christmas—A trifle darker in color than Wilder and a little stronger growth; an excellent sort.

Pride of Kennett—A deep, rich crimson; flower of good size, fragrant and borne on a long, stiff stem, never bursting its calyx, (first class).

Fred Creighton—An improvement on Grace Wilder, being a much stronger grower; color, delicate pink.

Alexandria—A beautiful deep, rose pink. Good grower, and flowers freely produced. Constantly in demand for cut flowers.

Mrs. F. Mangold—A beautiful salmon pink borne on long, stout stems. A great acquisition in pink color and a robust grower.

$2.00 per 100. $15.00 per 1000.

BEST NEW CHRYSANTHEMUMS.

The following varieties are the best New Chrysanthemums for cut flower and exhibition purposes. We have taken special pains to select only those which were superior in size, beauty and habit, and which are sure to give satisfaction.

Mrs. D. D. Farson—Unquestionably the most meritorious introduction of the year. Size immense, solid and compact, color bright mermet pink. Winner of Pitcher Cup, and Silver Medal of Pennsylvania Horticultural Society, and medal at American Institute.

Clancy Lloyd—Delicate flesh pink changing to pure white, incurved. Received medal of excellence at the American Institute.

Mrs. Kendal—A fine Japanese flower with compact centre. Color rich Jacqueminot red; reverse of petals coppery bronze.

BEST NEW CHRYSANTHEMUMS—Continued.

Mattie C. Stewart—Clear bright golden yellow, extra large and double. Petals broad and flat, reflexing with age. High built bloom. Winner of Silver Cup at Indianapolis.

Lizzie Cartledge—Very large full double flower, incurved except under row of petals which reflex. Color bright dark rose, reverse silvery white.

Progression—Extra large late flowering variety, blooming about December 1st and remaining in flower up to Christmas. Color purest white, very double in style of Grandiflorum.

Anna M. Weybrecht—A magnificent Chinese variety of purest snow white, petals solid, broad and firm: of strong habit. Awarded Silver Medal.

Mrs. R. J. Baylis—An immense incurving Japanese bloom. Color clear yellow striped and highly marked red, bronze and gold. Said to be the largest flower of any Chrysanthemum.

Lilly Bates—Very large perfectly double clear bright rich pink, petals broad and flat, new and distinct form. Winner of the Pitcher Cup, Certificate at Indianapolis and Medal at American Institute.

John Firth—This variety has won a number of Certificates, Medals and Cups and is one of the best show varieties. Deep mermet pink shading to silvery rose.

Mrs. Lay—Petals cup shaped; white with the faintest blush lines on edges; extremely double; pyramidal rather than globular in shape. Awarded Silver Medal by Pennsylvania Horticultural Society.

Chas. Canfield—Extra large and full; double incurved bloom of robust habit. Color claret red, reverse silvery pink.

Lyman J. Gage—A late white cut flower variety, of perfect incurved form.

George R. Davis—Flowers finely incurved of the "Wheeler" type. Color blood red lined with gold.

Fred S. Winston—A fine variety of beautiful bronzy cardinal color with reverse of Indian red.

Cyrus H. McCormick—This is an unusually vigorous grower, bearing massive flowers of the shape and make up of "W. H. Lincoln." Color deep yellow shaded with bronze red. A promising sort.

Andrew McNally—Crimson scarlet in color with reverse of old gold; very brilliant and beautiful.

Charles T. Yerkes—Very regular, high incurved form, color bright scarlet and gold.

Ferd W. Peck—Another of the six varieties that won the $100 prize at Indianapolis. The color is a most beautiful rosy pink, petals incurving.

J. V. Farwell—One of the six that won the $100 prize at Indianapolis. In form it is finely incurved, having very broad concave petals of great substance. The color, silvery lavender without and beautiful rosy pink within, velvety texture.

Charles H. Wacker—Flowers medium to large, brilliant crimson scarlet.

Robert A. Waller—The color is a beautiful shade of chamois yellow, flowers perfectly double.

S. W. Allerton—A large flowered, extra good white variety. A large, bold, pure white flower that at once pleases the eye. Of sturdy, bushy growth. Will make a fine pot or exhibition sort.

Potter Palmer—A splendid white seedling from "L. Canning." A strong fine grower carrying its flowers on long stems.

Yonitza—Chinese incurved, late, fine for Christmas flowers, color white.

Alcazar—Incurved Japanese. Robust habit, flowers on strong stems, upper surface of petals bronze red, shading on yellow at the tips with reverse of old gold.

Aristine Anderson—Resembling "Miss Mary Morgan" but an improvement on that variety, being a more decided pink and larger blooms.

Oeta—Chinese incurved of most perfect form, color canary yellow with outer petals of striped rose.

Robert Flowerday—Japanese. Large bold flowers and foliage, outer petals flat with centre incurving, upper surface bright crimson lake, reverse silvery pink.

Mrs. J. Lewis Childs—A first-class cut flower variety blooming even later than "Christmas Eve." Flowers of enormous size of the incurved Japanese type, nearly as round as a ball and as white as snow.

Mistletoe—A large size of the incurved Japanese type, covering up the centre entirely. Color rich crimson with silvery reflex. The prize winner at Indianapolis, 1890.

BEST NEW CHRYSANTHEMUMS—Continued.

Anna Dorner—A fine bold flower with outer petals striped and shaded deep carmine, centre a rich creamy white. Received Certificate of Merit.

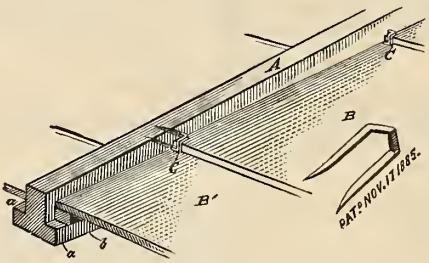
STOP YOUR GLASS FROM SLIDING BY USING

E. J. Van Reyper's

Perfect Glaziers' Points.

ENDORSED BY LEADING FLORISTS.



TRY THEM AND YOU WILL USE NO OTHER

Made of Steel Wire and Galvanized. No Rights and Lefts.

OVER 5,000,000 IN USE.

Manufactured by

ESSEX HEIGHTS FLORAL CO.,

BELLEVILLE, NEW JERSEY.

The past winter we had occasion to glaze some houses and laid the glass without putty, fastening it with E. J. Van Reyper's Perfect Glaziers' Points; after the house was entirely glazed we used two-thirds mixed paint, and one-third putty in Scollay's Putty Bulb, running it down over the glass where the sash-bar meets, thus making a perfectly tight house, and we have not had a cracked light of glass on it.

Having an establishment of nearly 60,000 sq. ft. on which these points are in use, we can guarantee satisfaction.

Price per box of 1,000 by mail, 65 cents.
In lots of 5,000 by express, 55 cents.
Pincers for driving the points, 40 cents.
By mail, 50 cents.

WE take pleasure in calling the attention of the public, and Florists in particular, to the most perfect article in the line of Glaziers' Points that has ever been invented.

It is the cheapest, most durable, and the only reliable Glaziers' Point on the market, being made of steel wire, with two points, when driven in the sash bar it will stay there; not like other Points that bend in the middle when you are driving them.

Glaziers' Points that are cut in a triangular form when driven into the sash bar, necessarily make a large hole and the points are bound to work out of their places, but we can guarantee that **"The E. J. Van Reyper's Perfect Glaziers' Points"** will never work out, and more that this, you will not be annoyed by the use of Rights and Lefts, which is a great saving of time.

If a light of glass should get broken the point may be easily forced out by the use of a chisel. Place the chisel on the sash-bar back of the tong and the point will come out in perfect condition to use again. They do not take up any more space on top of the glass than the brads or shoe nails.

"THE E. J. VAN REYPER'S PERFECT GLAZIERS' POINTS" cost a trifle more, but are the *cheapest* in the end, as their is no waste. Not like the Zinc Points, more rights than there are lefts to match.

It will cost to glaze a house 18x100 feet with 12x14 glass, less than $2.40 by using E. J. Van Reyper's Perfect Glaziers' Points, and save more than that amount in time and labor. You will never be annoyed by sliding glass, and will have no more repairing on your sash or roof.

These points are easily driven with a chisel, but by using our Pincers three times as many can be driven in a day. The pincers are hollowed out to receive the glazier's point and slant up with the roof, one claw grips the sash-bar and the other the point, so that there is no shaking like there is when you drive against the sash-bar.

Remember that you can use them on either side of the sash-bar.

No Rights and Lefts.

We have sent out this season over 5,000,000 through the United States and Canada.
